

SOUND THE ALARM!

Boxer

Vizsla

Standard Schnauzer

Defeat the NY State Assembly Bill that aims to:

- **Criminalize** tail docking
- **Outlaw** ear cropping
- **Enable** any animal rights organization to sue a breeder or owner
- **Force** owners to prove their dogs' tails were docked prior to Sept. 1, 2006, or that the surgery was performed in another state in order to show or compete in any AKC event.

ACT NOW!

NY residents:

Immediately contact your Assembly members. Urge them to oppose A. 11242. Alert your veterinarians and fellow fanciers: Call for their opposition to A. 11242.

Concerned fanciers:

Even if you don't live in NY state, you can still have an impact on this bill! If you have ever participated or plan to participate in an AKC show or event in N.Y. state, tell the members of the Assembly Agriculture Committee and urge their opposition to this bill so you may continue to bring your dogs — and your business — to their state.

Access a complete list of key legislators' contact information from the AKC website or contact AKC Canine Legislation: doglaw@akc.org, (919) 816-3720.

Check the AKC website for updates.
