Subject: Congratulations on the 2008 Lure Coursing Nationals

Participants came from across the country. The competition was good. The event ran smoothly and efficiently. The setting was beautiful. Mother Nature smiled. People and dogs enjoyed themselves.

The added touches –

- Snoqualmie Tribal members blessing the running of the dogs,
- Elk grazing and bugling on the grounds at dusk,
- The double rainbow at the end of the field just before the morning fog lifted,
- will contribute to the stories and memories.

The American Kennel Club congratulates the Cascade Coursing Club and all the volunteers that contributed to the success of the 2008 Lure Coursing Nationals. Through your efforts, it was a job well done and an enjoyable experience for all.

Sincerely,

Doug Ljungren
