

2027 AKC/USA World Team Tryouts (WTT) Regional ISC Qualifier Events

The American Kennel Club is pleased to announce the Regional ISC Qualifier Events for the 2027 AKC/USA World Team Tryouts qualification period. These events have been selected to provide geographic balance and competitive opportunity across the country, and will serve as the designated qualification events for this cycle.

ISC Combined Class Winners

Combined scores from ISC Jumpers and Standard classes at the Regional World Team Qualifier Events will be used to award the Combined ISC Class Award. To be eligible, a team must have a minimum of one clean ISC run and one run with no more than five (5) course faults (no time faults permitted). Combined Class winners in the 12", 16", 20", and 24" height divisions are invited to attend Team Tryouts and are not required to fulfill the 4/4 score requirement. All required documentation, fees, and entry materials must be submitted and all standard eligibility requirements outlined in the WTT documentation must be met. The handler competing at Tryouts must be the same handler who earned the Combined Award.

AKC has adopted a regional qualification model for the ISC program. For each qualification period, four Regional ISC Qualifier Events are selected nationwide. The events listed below represent the designated qualifier events for the current qualification year.

Regional World Team Qualifier Events for 2027

- **May 22–23, 2026** – Two Rivers Agility Club of Sacramento (TRACS) – Woodland, CA
