

The AKC Retriever Hunting Test Advisory Committee 2021

It is the responsibility of the RHT Advisory Committee to provide input to the AKC Performance Events Department with regard to the Retriever Hunting Test Regulations. This may involve clarification of existing Regulations or new Regulations that are felt to enhance the sport. Topics for Advisory Committee discussion may originate from RHT participants or from the Committee members themselves. The Performance Events Department may also direct ideas to the Committee for consideration.

The Performance Events Department values the input of the Advisory Committee but is under no obligation to agree or act upon their suggestions. The Department may also, on occasion, act without Committee input.
