Camp Robinson near Conway, Arkansas

February 26th 2021

Tom Maneely

Day 2

Overnight a rain front had moved through the area with over an inch of rain falling. The heavier rain had tapered off and the morning began with just a light rain falling. The light rain, which was just enough to be a nuisance, would fall throughout the day. The temperature began in the lower 40's and would only rise to the lower 50's. The winds were light all day with overcast skies.

The rain that fell over night had caused the creeks to rise and left plenty of standing water on the course.
