

2021 American Kennel Club Pointing Breed National Gundog Championship

Day 6

Camp Robinson near Conway, Arkansas

March 2, 2021

Tom Maneely

For the first time during this trial the weatherman was wrong in their daily prediction. Rain showers were predicted for the morning. Fortunately that was incorrect. The morning temperature was 32 degrees and would rise into the upper 50's in the afternoon. The skies were cloudy to start the day but would become thinner by the noon hour, giving way to mostly clear skies late in the afternoon. The wind, as in previous days was very light and out of the south.

Before I get to the daily running, I need to make a correction. Harvey, the English Setter in brace 26 was incorrectly reported. Harvey hunted the cover well and had a non-productive stand at 33 then followed with good finds at 46, 50, and 55. He finished the hour. His was a good performance and the record should reflect that. The daily report will has updated to reflect the corrected performance.
