

## AKC Character Education: Who I Am Activity

This activity allows students the opportunity to share what they have learned about themselves with the class.

1. Invite students to brainstorm ways they would describe themselves. They may use words other than the character traits, however they should consider which of these traits do describe them.
2. Have students cut out a person shape out of construction paper.
3. They should write their name in the center and the words that describe them all over the body.
4. They may decorate their person however they like.

### Example:
