

Archiving for AKC Clubs

BRYNN WHITE ARCHIVIST

BEW@AKC.ORG

Our New Digs

WWW.AKC.ORG/SEARCHLIBRARY

AKC Museum of the Dog

WWW.AKC.ORG/SEARCHLIBRARY

Objectives **to Clarify and Communicate**

What the AKC is doing

- AKC Archival Services program
- Digital projects

What Clubs can be doing

- Basic useful archiving and preservation practices
 - Paper – Photographs – Audiovisual – Digital

Archiving

THE PROCESS BY WHICH INACTIVE INFORMATION,
IN ANY FORMAT, IS SECURELY STORED FOR LONG
PERIODS OF TIME

Enduring Value

THE ONGOING USEFULNESS OR SIGNIFICANCE OF RECORDS, BASED ON THE ADMINISTRATIVE, LEGAL, FISCAL, EVIDENTIAL, OR HISTORICAL INFORMATION THEY CONTAIN, JUSTIFYING THEIR CONTINUED PRESERVATION

- ▶ Intellectual Control
- ▶ Physical Control

Know what you have and where it is.

Archival
Processing
Goals

Arrangement

- ▶ The process of organizing materials to protect their context

Description

- ▶ The process of analyzing, organizing, and recording details about the formal elements of a record or collection of records, such as creator, title, dates, extent, and contents,

*To facilitate
the identification, management, and
understanding of the materials*

Archival Processing Key Activities

Archival Processing **Key Activities**

3. Preservation

THE PROTECTION OF CULTURAL PROPERTY THROUGH ACTIVITIES THAT MINIMIZE CHEMICAL, PHYSICAL, AND/OR DIGITAL DETERIORATION AND DAMAGE AND THAT PREVENT LOSS OF INFORMATIONAL CONTENT

AKC Archival Services

www.akc.org/searcharchives

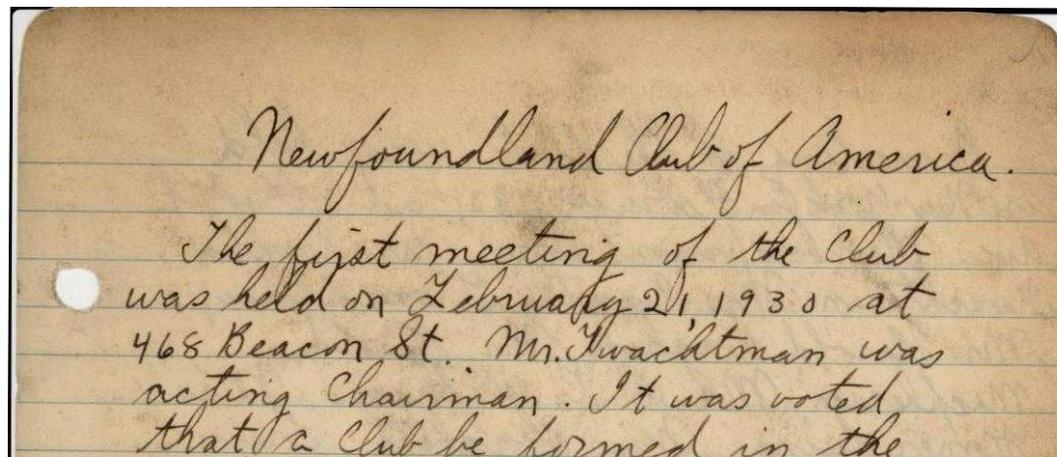

FOUNDED IN 1998...

To preserve the material record of the breed and its parent club's operations, functions, and activities

To contribute to the efforts of the AKC Library & Archives to comprehensively chronicle the history of the sport of the purebred dog

To secure a permanent storage solution for club's records, which will be organized, described, and preserved according to professional best practices

To make information about breeds and the sport available to a larger researcher base

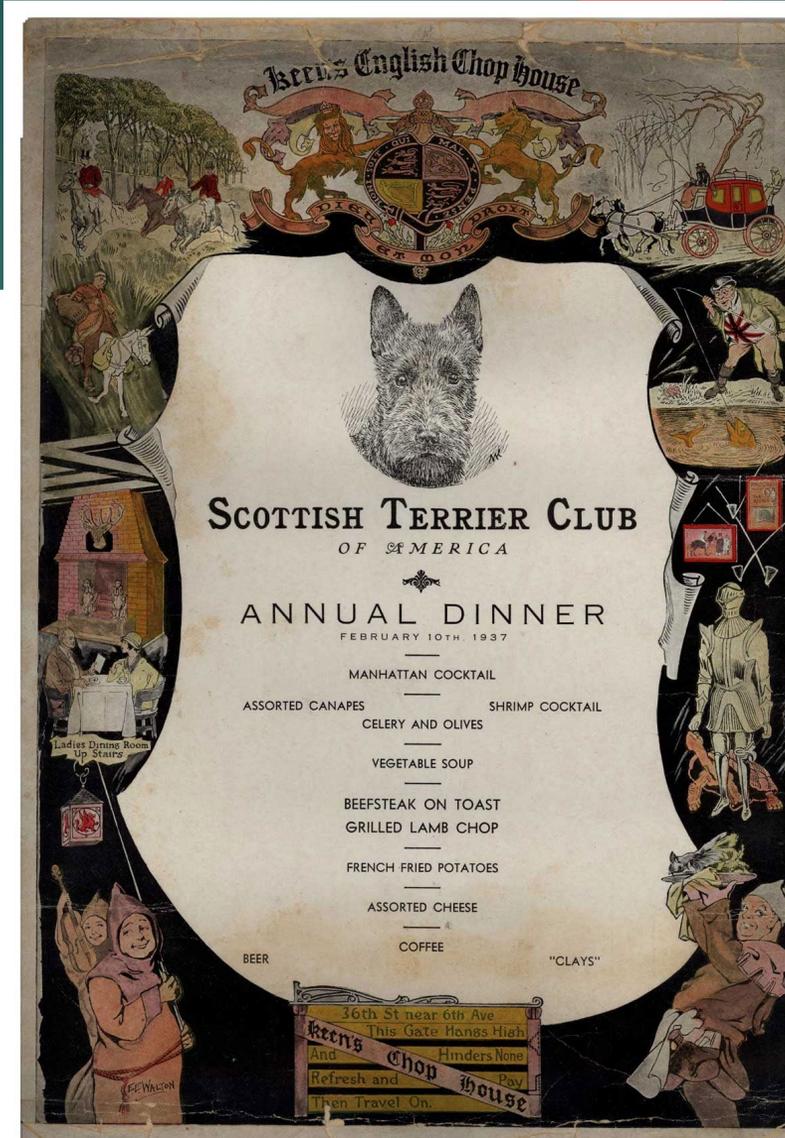

Newfoundland Club of America.
The first meeting of the Club
was held on February 21, 1930 at
468 Beacon St. Mr. Swachtman was
acting Chairman. It was voted
that a Club be formed in the

AKC Archival Services

- ▶ Donations made through a formal Deed of Gift
- ▶ Priority (due to resources) is Parent Clubs
 - ▶ 40 collections donated
- ▶ Will consider other donations of historical significance on a case-by-case basis
 - ▶ Photographs and Audiovisual material very desirable
 - ▶ Books should be checked against our online catalog
- ▶ A/V Digital Transfers
 - ▶ 8mm and 16mm film, VHS, Beta, and DVD
- ▶ More focus on digital preservation
 - ▶ Development of formal digital repository
 - ▶ Planned pilot program: Club Periodicals

Instagram

Content Distribution Channels

@akclibrary

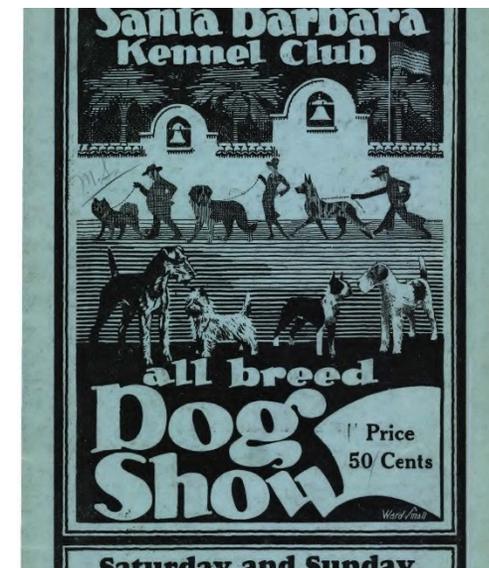

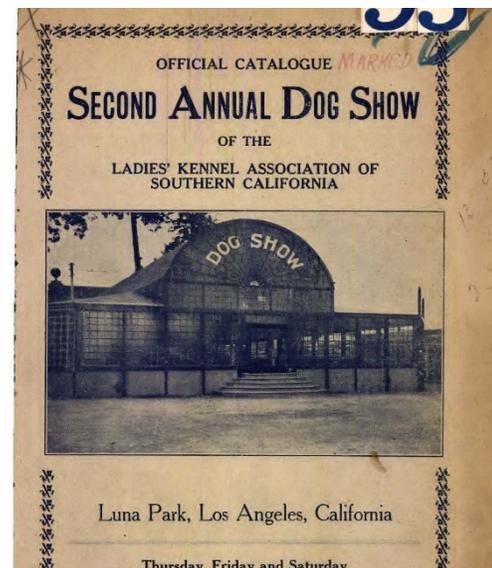

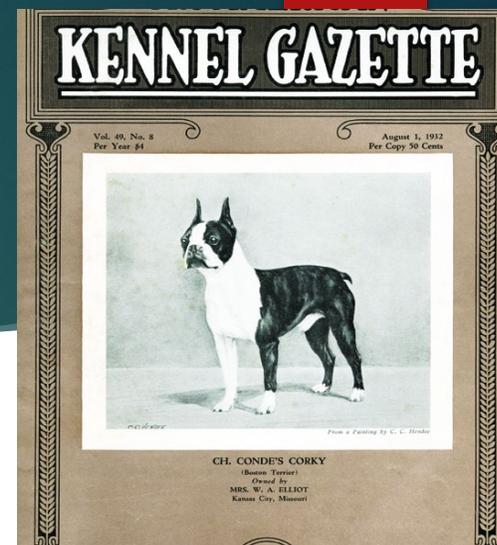

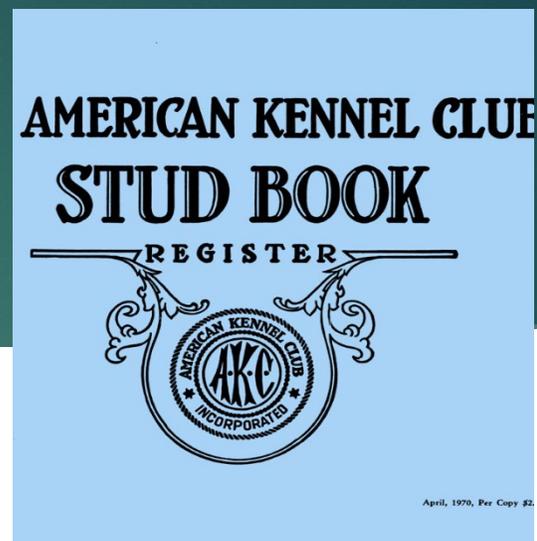

www.akc.org

AKC Digital Library

- ▶ Complete run of the *AKC Gazette* since 1889
 - ▶ Secretary's Pages / AKC Board minutes
 - ▶ Event Results
 - ▶ Breed Columns
- ▶ Stud Books, 1878-2004 October
 - ▶ Paywall: can purchase in year bundles
 - ▶ Free access to elected parent club representatives
- ▶ Official Marked Show Catalogs, 1870s-1983

[all downloadable and fully text searchable]

magical,
mystical,
database.

Amending Information Gaps

ELECTRONIC RECORDKEEPING BEGAN CIRCA 1985

Getting Started with Archiving

Record Retention Schedule

Provides for the systematic review, retention, and destruction of documents received or created in the course of operations. The policy will identify documents that need to be maintained, contain guidelines for how long certain documents should be kept, and save your club valuable computer and physical storage space.

Record Retention Recommendations

Meeting Minutes

- Indefinite

Officer Lists

- Indefinite; AKC does not maintain but may be available in catalogs

Finance Records / Treasurer's Reports

- Seven years per IRS requirements

Show Plans / Reports

- Indefinite

Club Publications

- Indefinite

AKC General Correspondence

- Subject to Review; AKC only maintains correspondence relevant to club problems, violations, and bylaws changes

Membership Lists and Applications

- Subject to Review; AKC does not maintain but may be available in catalogs

Show Catalogs

- Subject to Review; AKC digitization through 1983 and does not maintain physical copies past that date

Arranging Club Records

Club Administration

- Meeting Minutes
- Committee Reports
- Articles of Incorporation
- Constitution and By-Laws + revisions
- Code of Ethics
- Membership Directories

Shows and Events

- Marked Catalogs
- Pedigree Lists
- Judges Ballots
- Planning Documentation Files
- Win Shots
- A/V Footage

Publications

- Newsletters
- Clippings
- Yearbooks

Arrangement and Description

Aim for modest goal of a box-level inventory

List important folders or items within box when relevant

Can come back and organize further later

Create inventory in Excel spreadsheet

List content, formats, and date ranges

Number and label boxes to match to spreadsheet data

Don't get too fussy and over-organize

Better to err on side of keeping documents together

The common access point is often dates

Create a related materials column

Cross-references

Note oversize and alternate format materials located elsewhere

Archival Inventory

Box Number

Location

Formats (Documents, Photographs, Publications, etc)

Category (Administration, Events, etc)

PRELIMINARY ARRANGEMENT
AND DESCRIPTION

Basic Preservation Tips

Traditional Archival Formats

Paper

- Documents, Ephemera, Publications

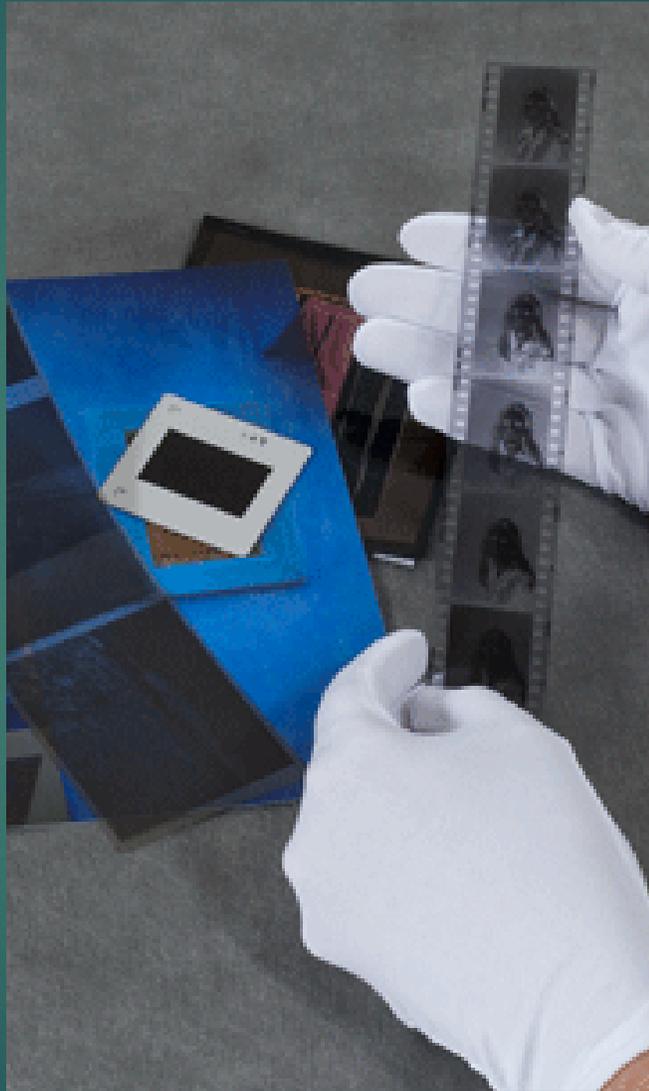

Photographs

Audiovisual Materials

Scrapbooks

General Handling Rules

- ▶ Always wash hands
- ▶ Keep away from all food and drink
- ▶ Use only pencils or waterproof archival ink
- ▶ Cotton gloves recommended for prints, negatives, and film but not for paper and fragile materials
- ▶ Isolate materials that appear to have mold or other extreme and/or active deterioration

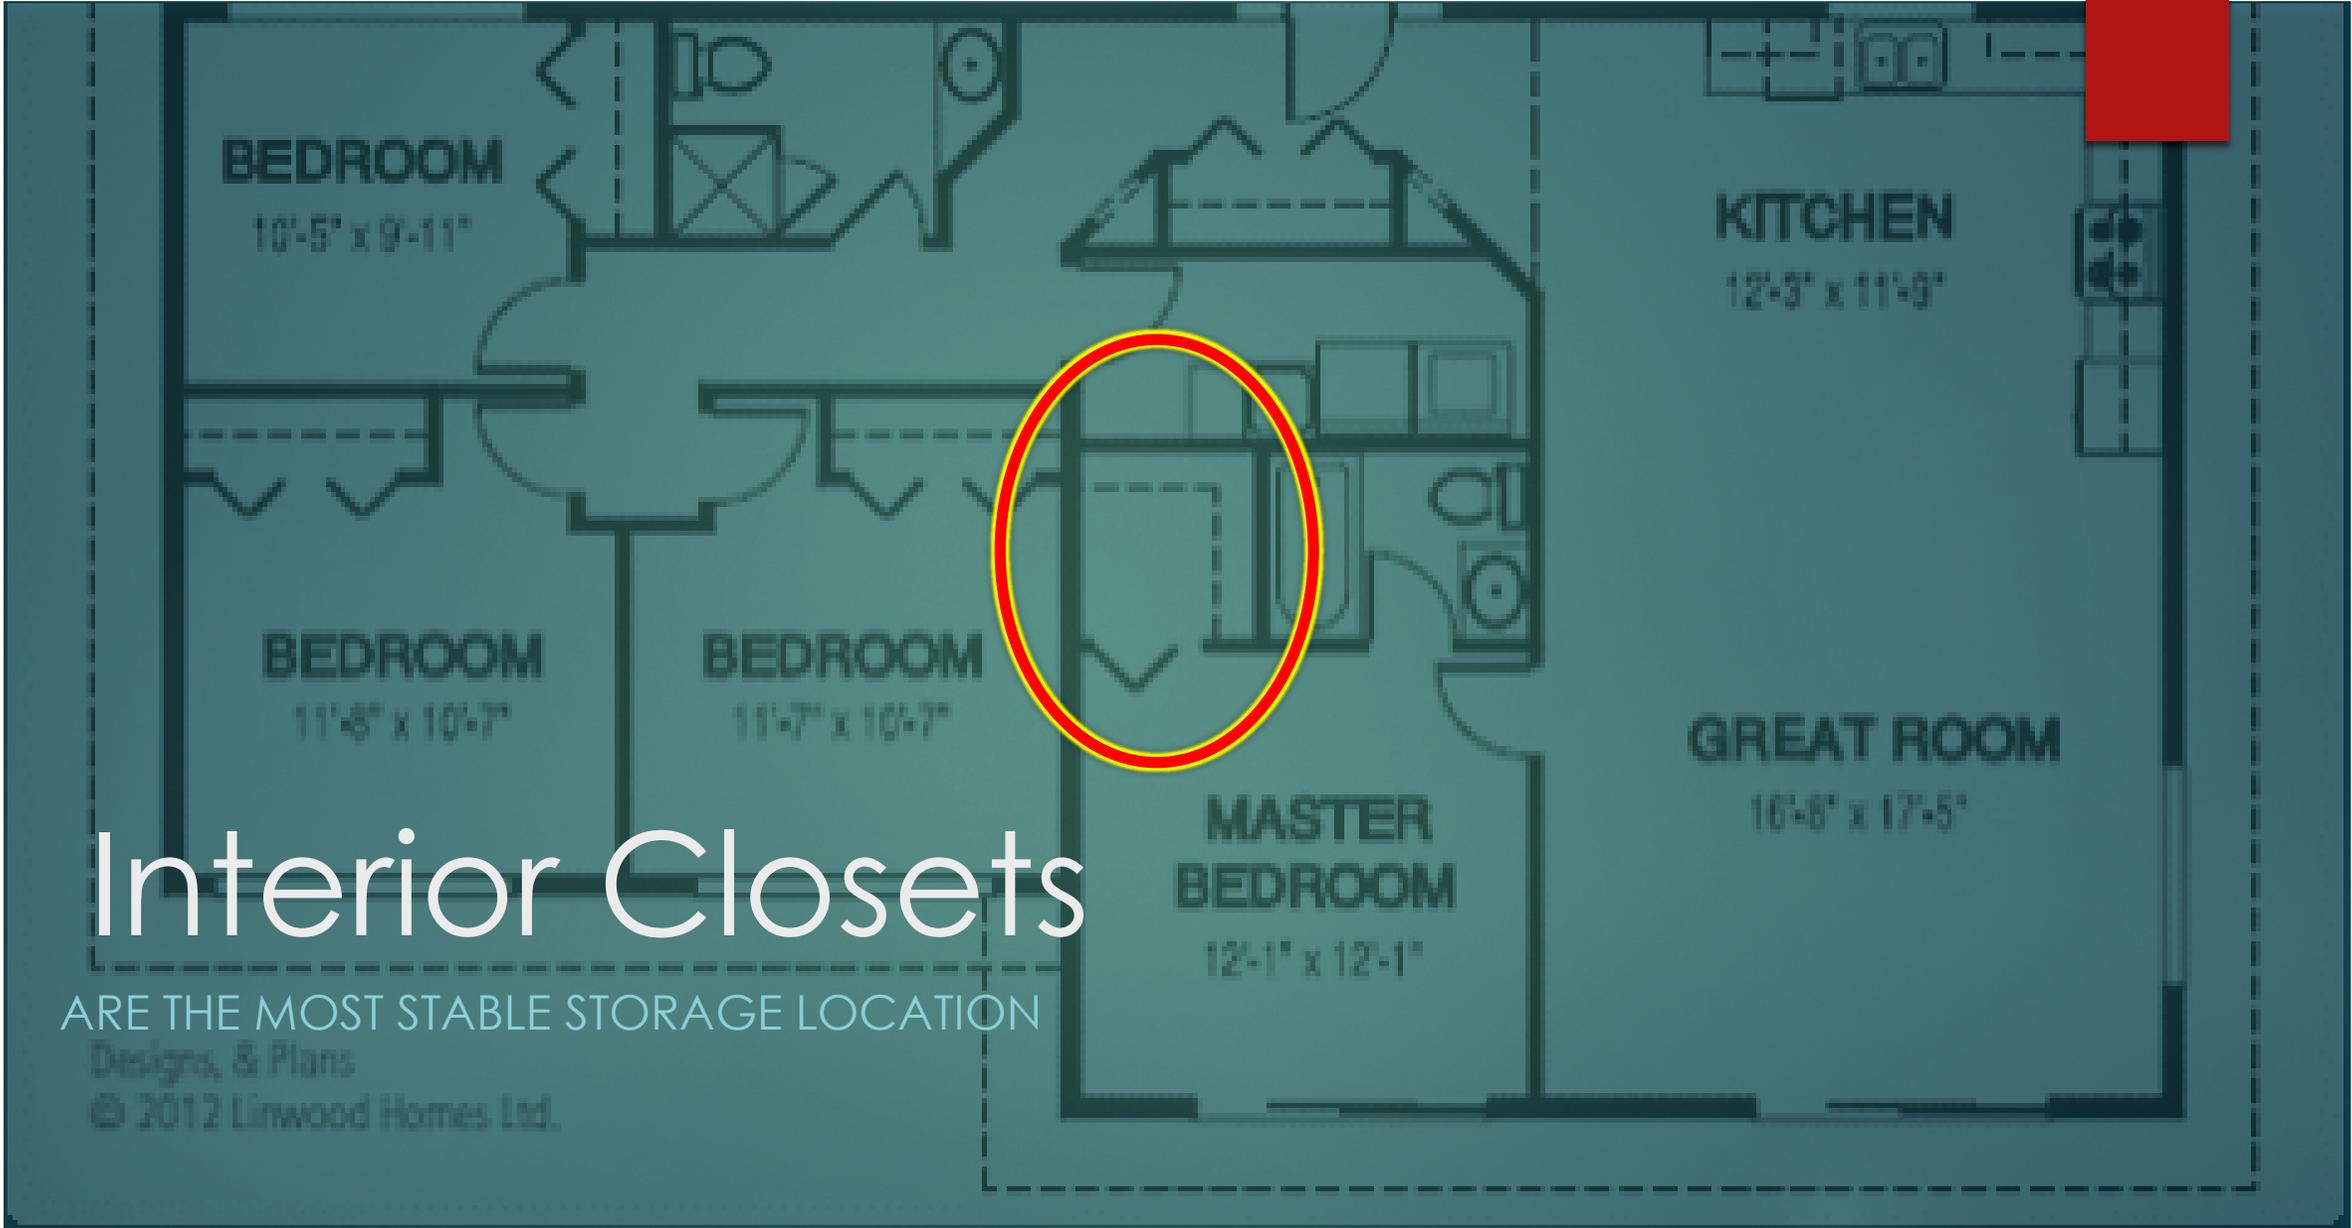

Preserving Archival Materials

Aim for a controlled, relatively stable environment

- ▶ Heat and Humidity will accelerate deterioration
 - ▶ Ideal temperature is 60-70 degrees
 - ▶ Photographs and film: the colder the better
- ▶ **CONSISTENCY** is key, avoid excessive fluctuations
- ▶ Favor concealed, well-ventilated spaces not exposed to light, the outdoors, or other sources of dirt and dust

All the typical storage spots pose great risks to archival materials.

Interior Closets

ARE THE MOST STABLE STORAGE LOCATION

Designs, & Plans

© 2012 Linwood Homes Ltd.

Preservation is like
leftovers...

The Wonders of a Simple Box

- ▶ Protects from light and dust
- ▶ Insulates against temperature/humidity fluctuations
- ▶ Layer of protection against water, pests, and even fire

Preservation Shopping List **Boxes**

Document Boxes

For foldered documents and other materials; (publications, A/V, artifacts, etc.)

Record Cartons

For foldered documents and other materials; can buy insert trays for artifacts and other irregular formats

Flat Boxes

Variety of sizes for photographs, ephemera, posters and other oversize materials; drop-front preferred for ease of access

GENERAL RULE OF THUMB

The more uniform your
boxes, the easier they
are for you to store

Trusted Suppliers of Archival Storage Materials

Don't trust everything on Amazon and other sites that claims to be "Archival" – or always cross-reference the products to see if they are carried by these vendors.

Preservation Shopping List

Plastic sleeves

For fragile documents and photographs – polyester, polyethylene (Mylar), or polypropylene

PAT
PASSED

Acid-Free Paper

Can be interwoven with heavily deteriorated items to protect surrounding materials; 11 x 17 can be folded into a sling for protection and grouping together materials

pH Pen

Indicates whether the material your archival materials are currently stored in is acidic or neutral/alkaline – you want to see that purple, not yellow, line

Storage Documents

- Store upright in document boxes or record cartons
 - Do not leave boxes half-full
 - Create or purchase supports
 - Crumble acid-free paper to stuff in empty space
 - Can also purchase half-size doc boxes

Storage

Acid-Free Folders

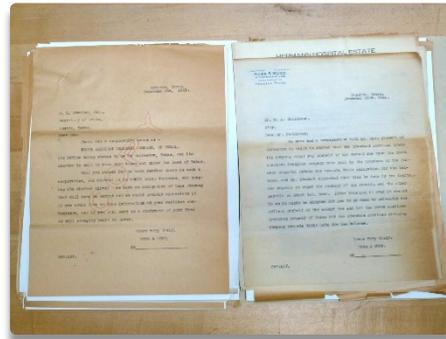

- AVOID ENVELOPES
- LABEL IN PENCIL WITH:
 - Contents
 - Dates
 - Club name/abbreviation
 - Box (and folder) number

Enemies of Preservation

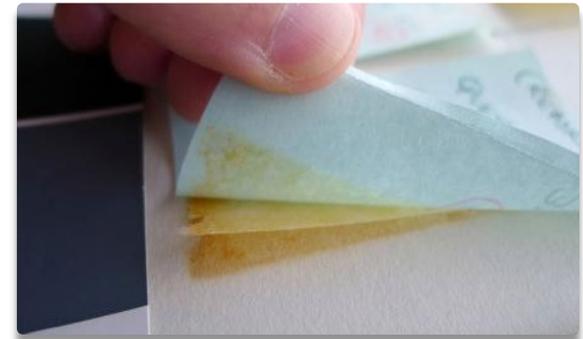

Paper Clips and Rubber Bands

Replace with plastic clips or fold a 17 x 11 piece of acid-free paper into a sling to hold materials together

Newsprint and Cheap Paper

Photocopy or scan newsprint and/or interweave acid-free paper between severely oxidized documents

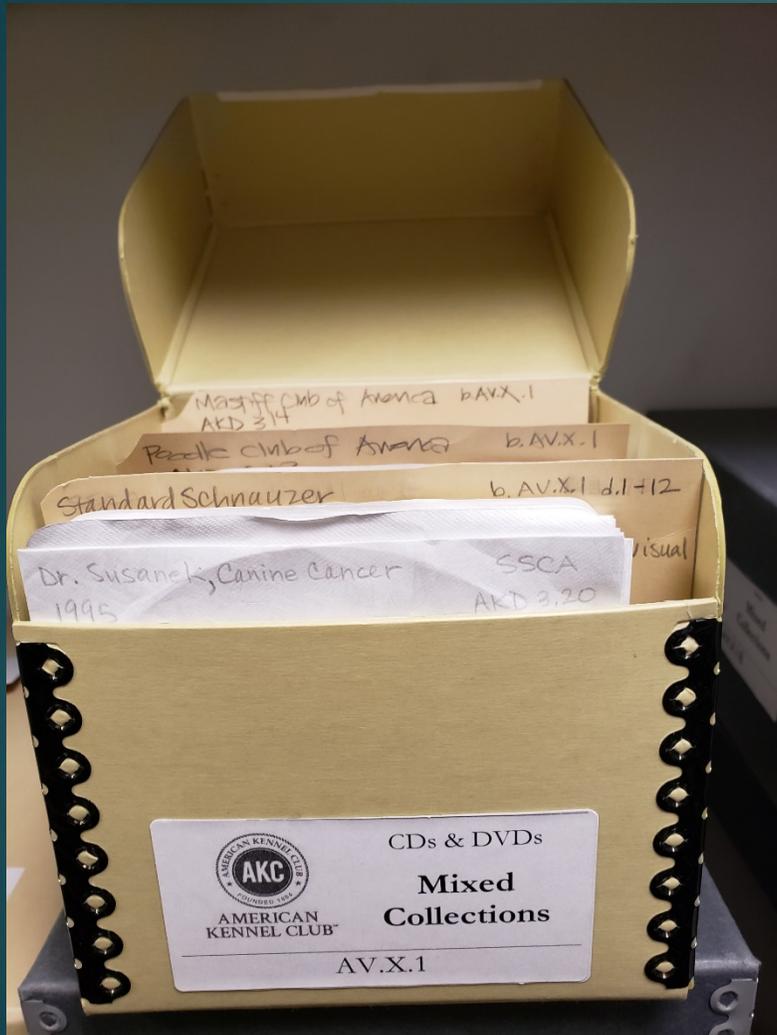

Post-its

They may however contain important information; get in the habit of avoiding use

Storage Photographs

- ▶ Remove items from frames and albums
- ▶ Store like-sized prints together
 - ▶ Prints smaller than 8 x 10 can be stored upright
 - ▶ Oversize prints should be stored flat
- ▶ Use a soft-lead pencil or grease pencil to make markings on back
- ▶ Interweave paper between photos with adhesive or ink on the back
- ▶ Acid-free folders can be used in flat boxes or cut to create section dividers

- Remove DVDs from cases and store in Tyvek® CD Sleeves
 - You can write information on the envelope rather than on the disk
 - This also saves space!
- Store VHS tapes vertically (never flat)
 - Can use document boxes or record cartons
 - Do not overstuff boxes

Storage Audiovisual

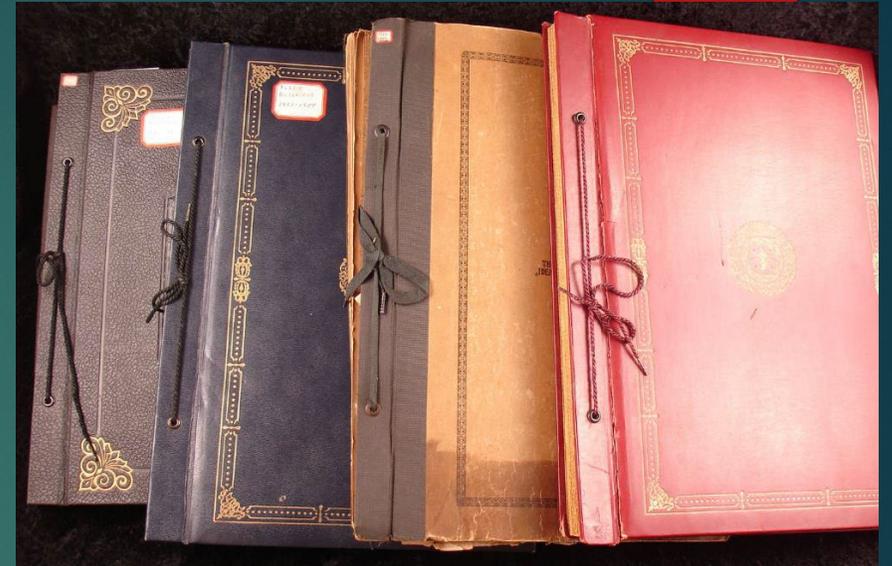

Storage Artifacts

- ▶ Wrap textiles in acid-free tissue paper
- ▶ For small collections you can purchase divided insert trays that fit into record cartons
- ▶ Store trophies and other artifacts on stable shelf or surface but will require routine dusting
- ▶ Alternatively order custom-made box or box in which it will loosely fit without being jammed
 - ▶ Surround and secure with acid-free tissue paper

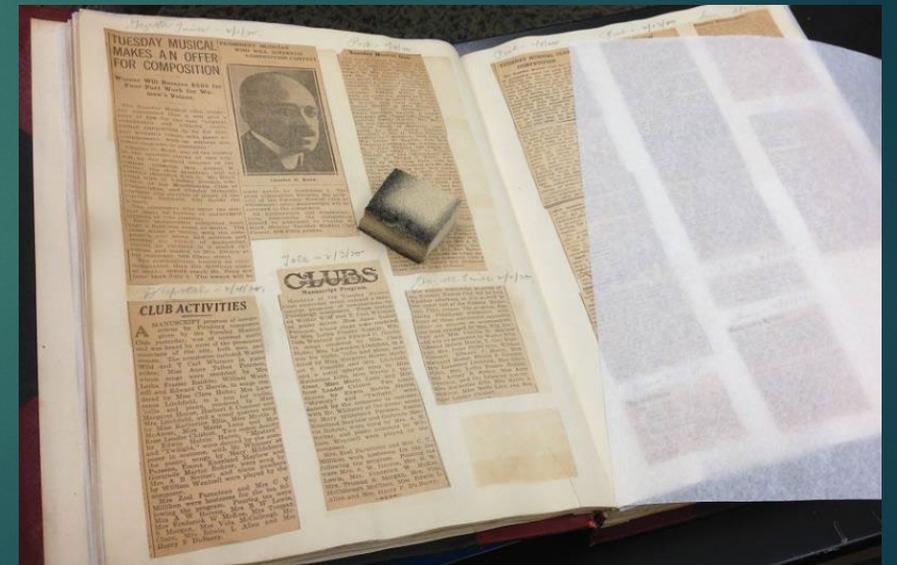

Storage Scrapbooks and Photo Albums

- ▶ Loosen binding laces or posts
- ▶ Remove blank pages
- ▶ If possible, remove binding altogether and store pages in archival folders
- ▶ Contents can be placed in acid-free album boxes with archival mounting pages or archival photo sleeves

Preservation Scrapbooks and Photo Albums

- ▶ Interweave good-quality acid-free tissue or paper
- ▶ Plastic sleeves can be inserted on individual pages
- ▶ Make photocopies or photograph individual pages
- ▶ Reattach loose material with high-quality photo corners or store in archival folders

Other Preservation Resources

- ▶ New England Document Conservation Center (NEDCC)
 - ▶ <https://www.nedcc.org/free-resources/preservation-leaflets>
- ▶ Library of Congress
 - ▶ <http://www.loc.gov/preservation/>
- ▶ National Archives
 - ▶ <http://www.archives.gov/preservation/family-archives/>

Digital files also require preservation measures.

WITH TECHNOLOGIES EVOLVING AT RAPID SPEEDS, SOME DIGITAL FILES ARE AT MUCH MORE IMMEDIATE RISK THAN SLOWLY DETERIORATING PAPER. THEY TO REQUIRE WORK TO SAVE AND PROTECT THEM FOR FUTURE USE.

2 Types of Digital Files

Digital-Born Content

- ▶ Digital content that began its existence within the digital landscape

EXAMPLES: Word documents, spreadsheets, digital camera photographs, emails

Digitized Content

- ▶ Records and presents characteristics of an already existing physical object

EXAMPLES: Scanned print photograph; phone camera image of an old document

Digitization ≠ Preservation

IT PRODUCES BACK-UP COPIES AND ACCESS COPIES,
BUT IT IS NOT A REPLACEMENT OF THE ORIGINAL

Digital Preservation Overview

1

Follow Filenaming
Recommendations

2

Use File Formats
recommended for
archiving

3

Create and
maintain
metadata

4

Store copies of
digital archive in
multiple places

File naming Conventions and Recommendations

Digital files should be consistent and descriptive in naming and organization. In conjunction with how you arrange your **file directory**, it should be obvious where to find specific data and what the files contain.

They should be brief yet meaningful as possible in their description.

1. Use only alpha-numeric characters for both files and folders.
 - ▶ Do not use special characters such as / > < + = ' ^ | \ { } [] # , ; ? ! \$ * &
2. Absolutely no spaces in files names. Alternatively use:
 - ▶ Dashes (-) and underscores (_)
 - ▶ Camel case (where the first letter of each section of text is capitalized) ex: MeetingMinutes
3. Use a valid file extension, usually only 3-4 characters, separated from last of filename by a period (.)
 - ▶ Examples: .doc, .tif, .pdf, .jpg, .mp4, etc.
4. Use leading zeroes for clarity and to assure sequential order when numbering files with the same prefix
 - ▶ “001, 002... 010, 011...” instead of “1, 2... 10, 11...”
5. Use standard format for dates
 - ▶ YYYYMMDD
 - ▶ Today: 20190424
6. Try not to exceed 25 characters

Digital Files

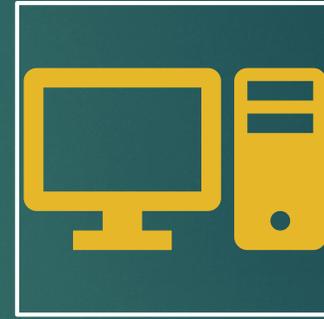

ARRANGEMENT AND DESCRIPTION

Digitizing Archival Material

Archival Master File

Preservation file maintained for long-term use without loss of essential features; to be stored away and used only for producing access copies

Access Copy

What you readily access and distribute to others, will be smaller in size and readily accessible in a number of computer environments

Technical Specs for Digital Files

Master File Format: TIFF (multi-page TIFF as needed)

Access File Format: PDF (preferably PDF/A)

Resolution: 300 dpi

Color Space: Grayscale

Bit Depth: 8

Text-Based Documents

Master File Format: TIFF

Access File Format: JPEG

Resolution: 400 dpi

Color Space: Color

Bit Depth: 24 (RGB Mode)

Photos/Graphics-Based [BLACK & WHITE]

Master File Format: TIFF

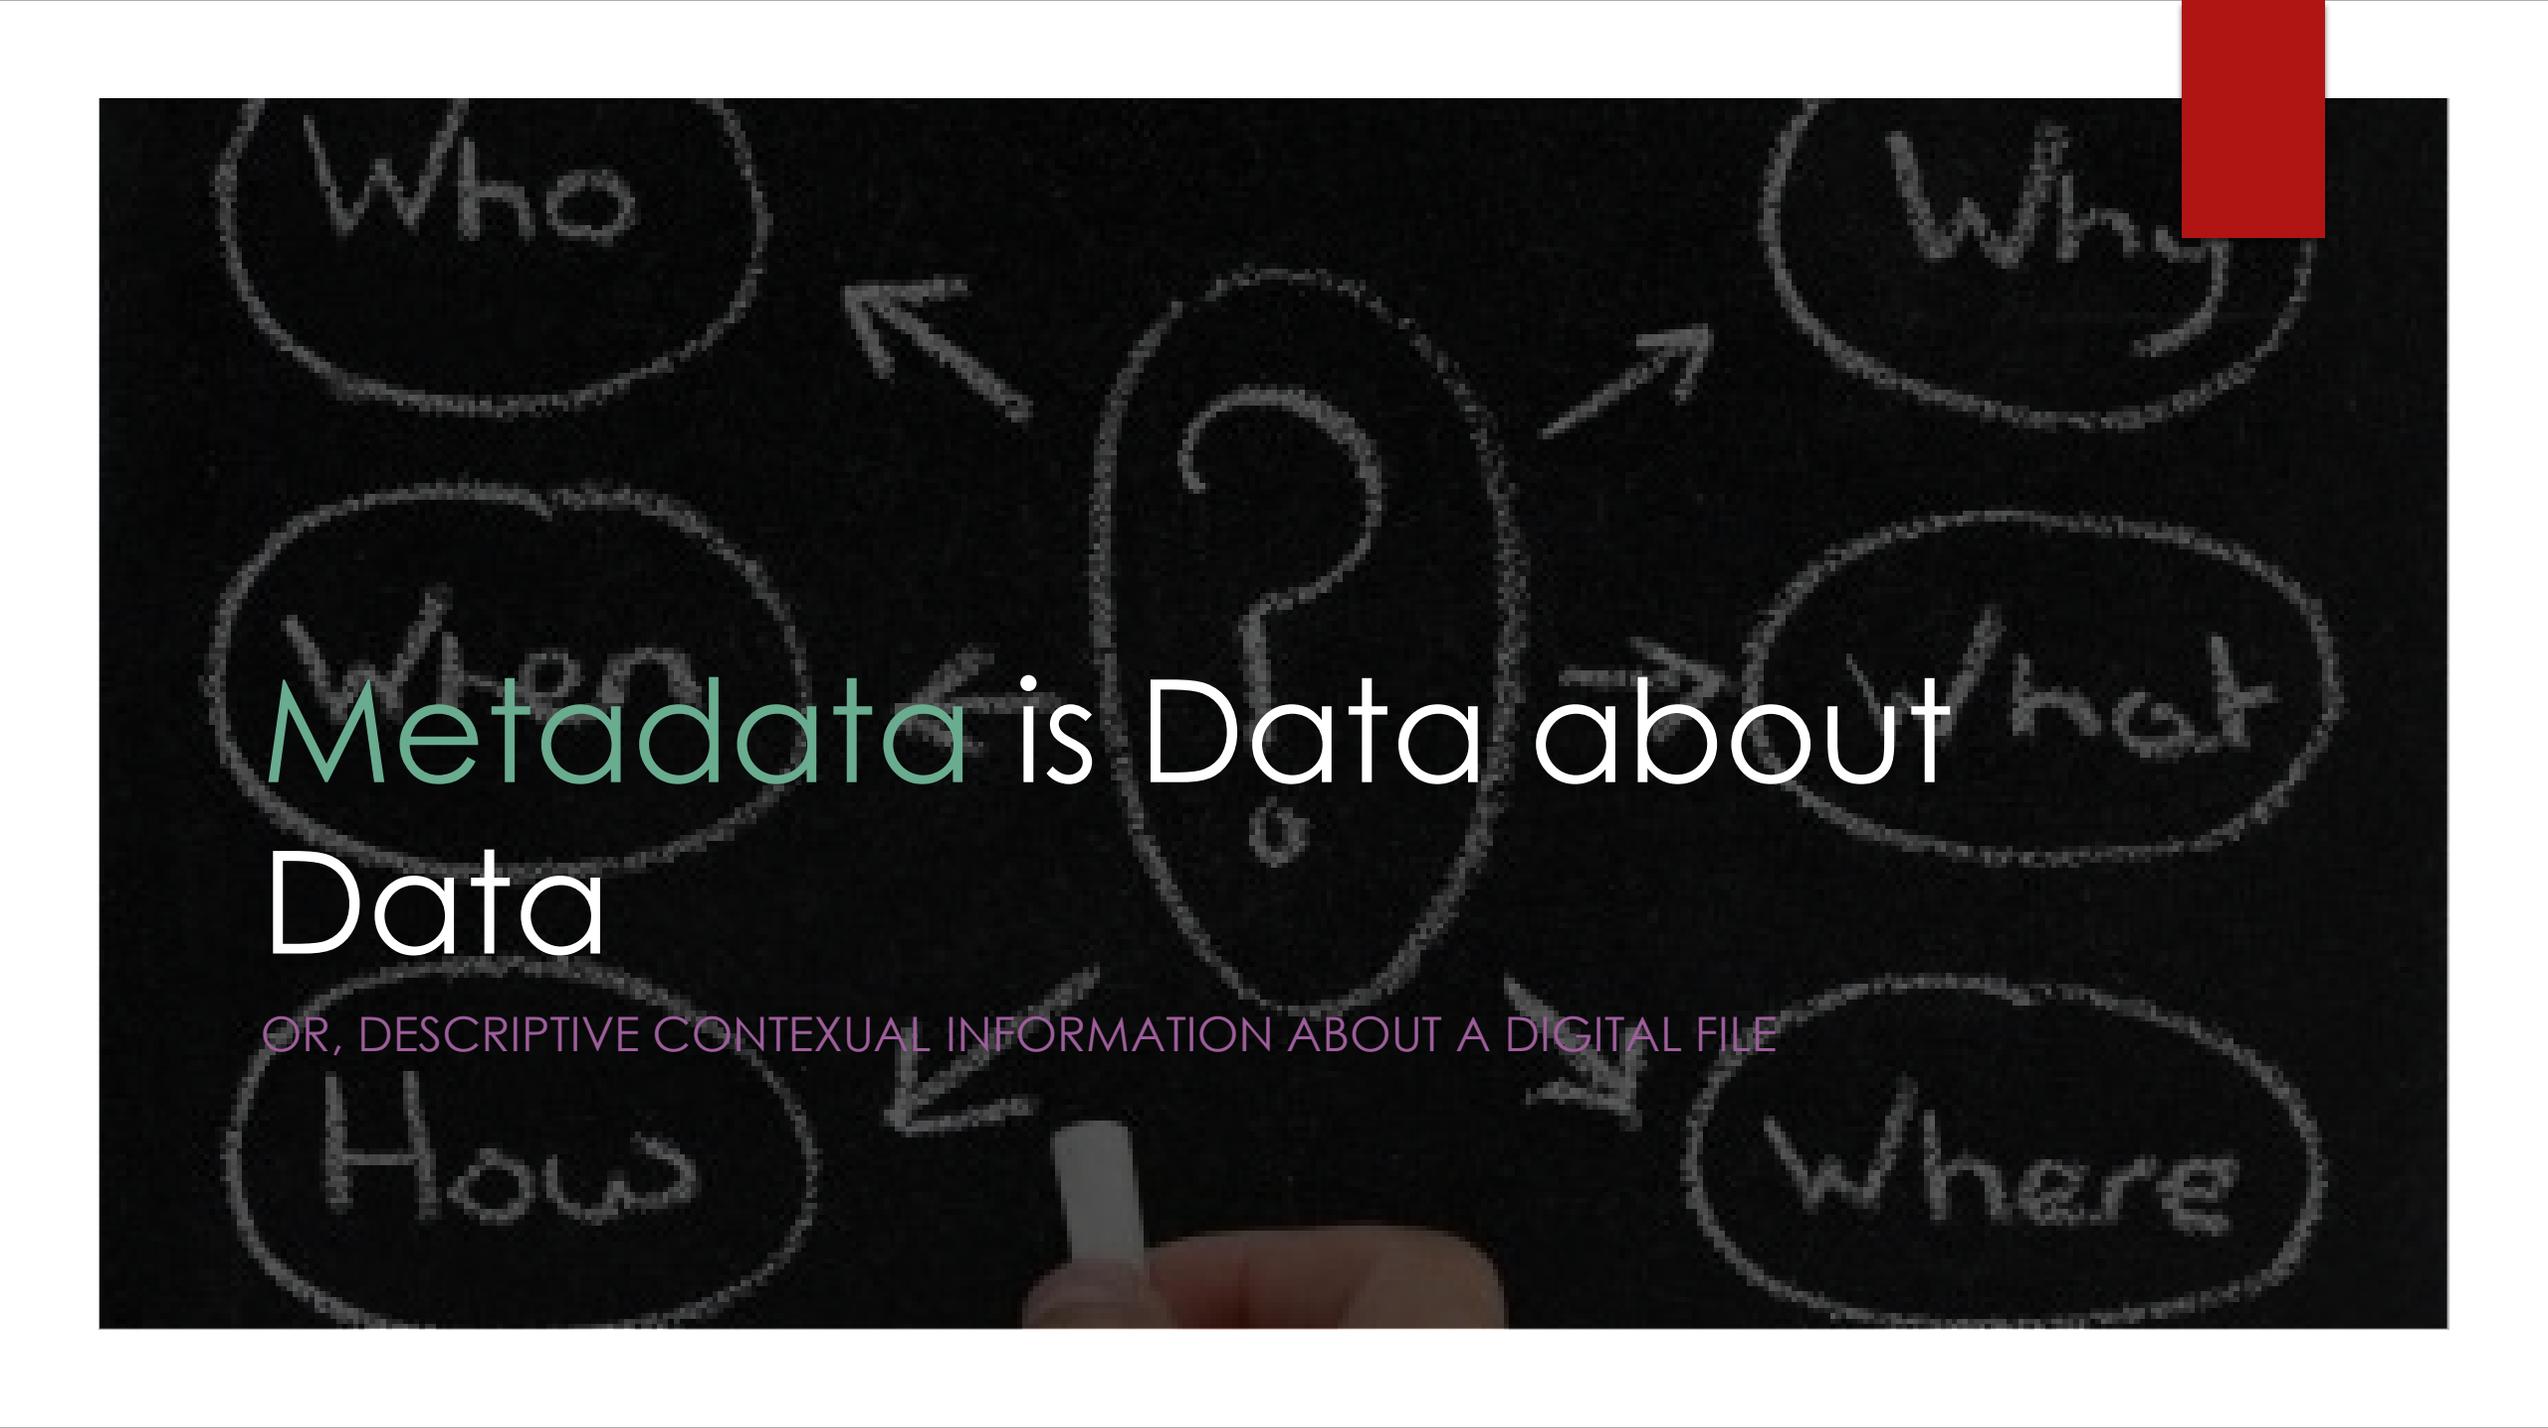

Access File Format: JPEG

Resolution: 400 dpi

Color Space: Grayscale

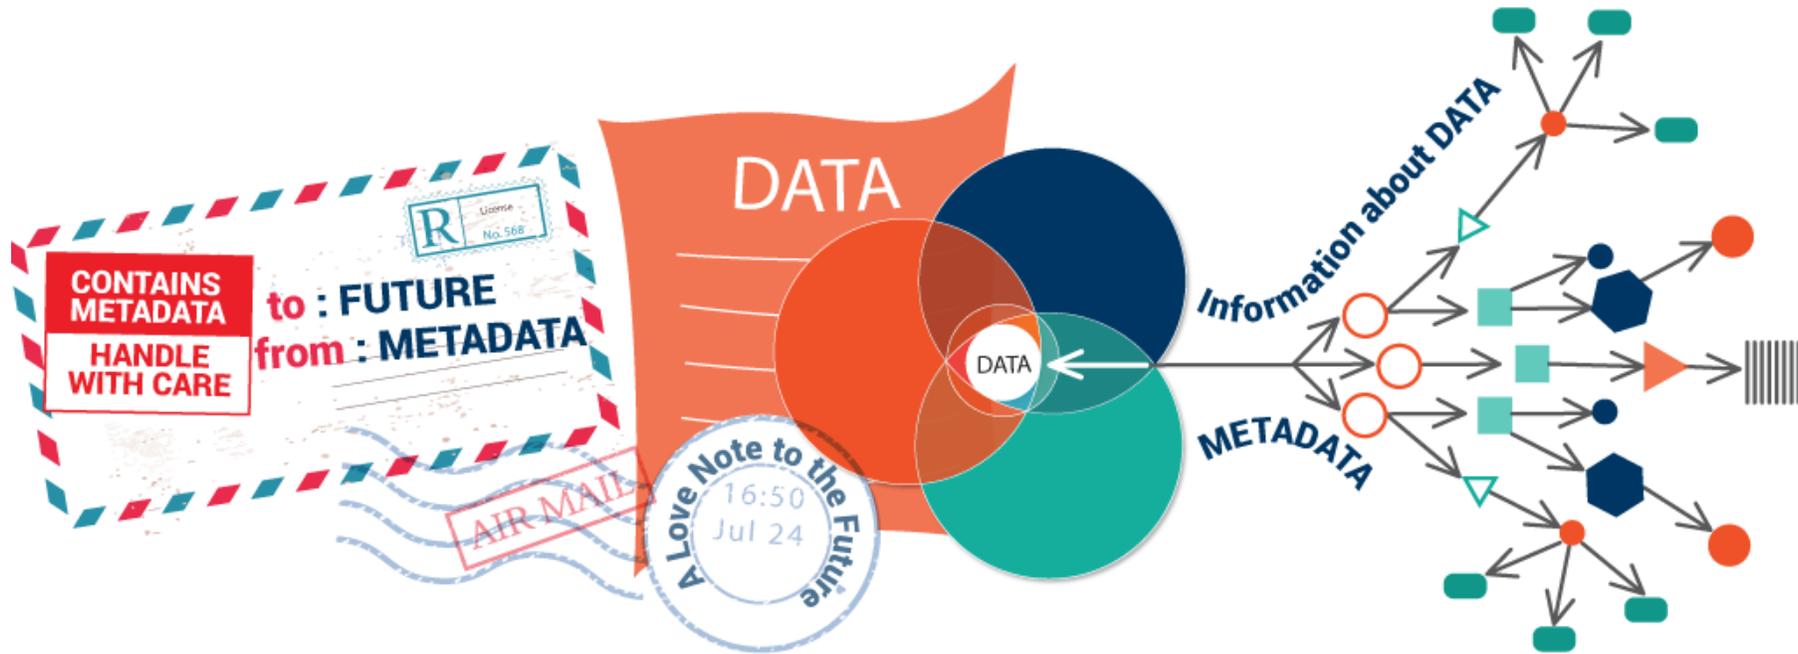

Bit Depth: 8

Photos/Graphics-Based [COLOR]

Metadata is Data about Data

OR, DESCRIPTIVE CONTEXTUAL INFORMATION ABOUT A DIGITAL FILE

Examples of Important Metadata

Format (Image, Document, Audio, Audiovisual, etc)

Filename

Title

Dates

Dog Names and Information (ex: Registration Number)

Event Name

Names of People

Copyright Information

Format **Image**

Filename **Gately_AKE_10_1_456**

Title **Bucks County Dog Show Best in Show winner**

Dates **1948-05**

Dog Names and Information **Ch. Sirius of Gayterry**

Event Name **Bucks County Kennel Club**

Names of People **Tom Gately**

Copyright Information **Evelyn Shafer (Photographer)**

Recording Metadata: Two Options

Excel
Spreadsheet

Embedded
Metadata

Excel Spreadsheet

Pros

- ▶ Allows a lot of information and flexibility
- ▶ Can include full paragraphs of description
- ▶ Easy to create and manage

Cons

- ▶ Information will not travel with the digital file
- ▶ File will have to be located separately

Excel Spreadsheet Tips

- ▶ Use distinct filenames to avoid confusion as to what file is being described
- ▶ Use standard formatting for dates, places, breeds, etc

Examples:

- ▶ Soft-Coated Wheaten Terrier vs Soft Coated Wheaten Terrier
- ▶ Fort Lauderdale vs. Ft. Lauderdale

Excel Spreadsheet Information to Record

Unique Identifier (Filename)

Title

Date

Location

- Physical and Digital

Creator

- Photographer, Club Name, etc

Tags/Subjects

- People, Dog Names, Dog Breeds, etc

Description

- A few sentences about the who/what/when/where/why/how of the image content

Embedded Metadata

Pros

- ▶ The info travels with the file
- ▶ To view the info, simply right-click and view properties
- ▶ It will stay with every copy made of the file

Cons

- ▶ Not easy to record info for multiple images with similar tags
- ▶ Can be time-consuming
- ▶ Limited information fields

Embedded Metadata Fields

Title

- Descriptive title of image file

Subject

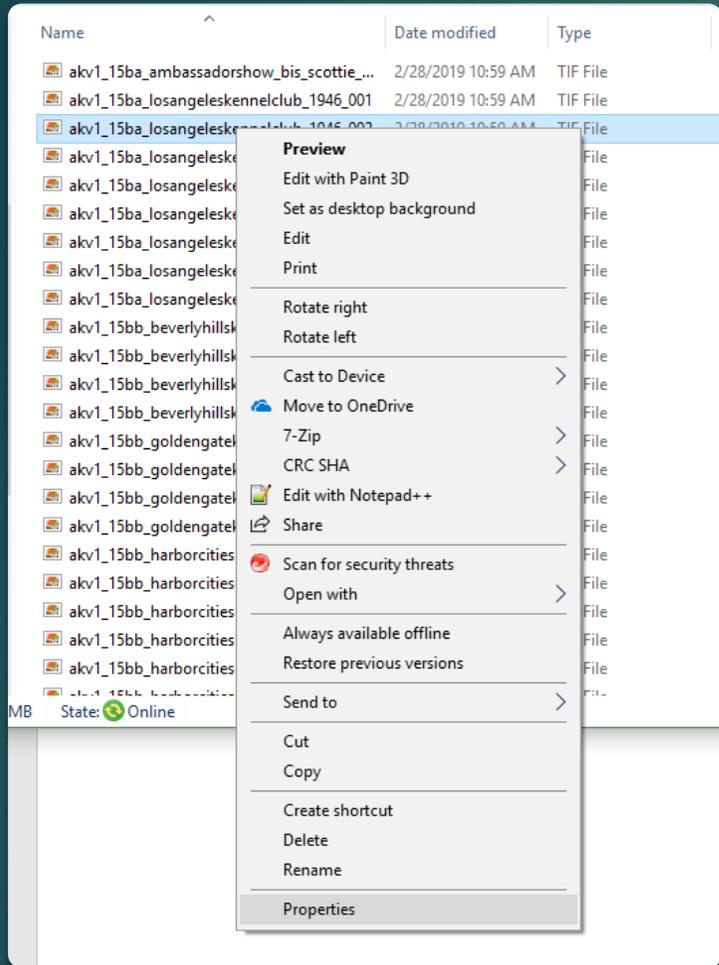

- More detailed description of image file including people names, dog names, places, and dates

Tags

- Separate by semicolons
- Try to use a controlled vocabulary and be consistent

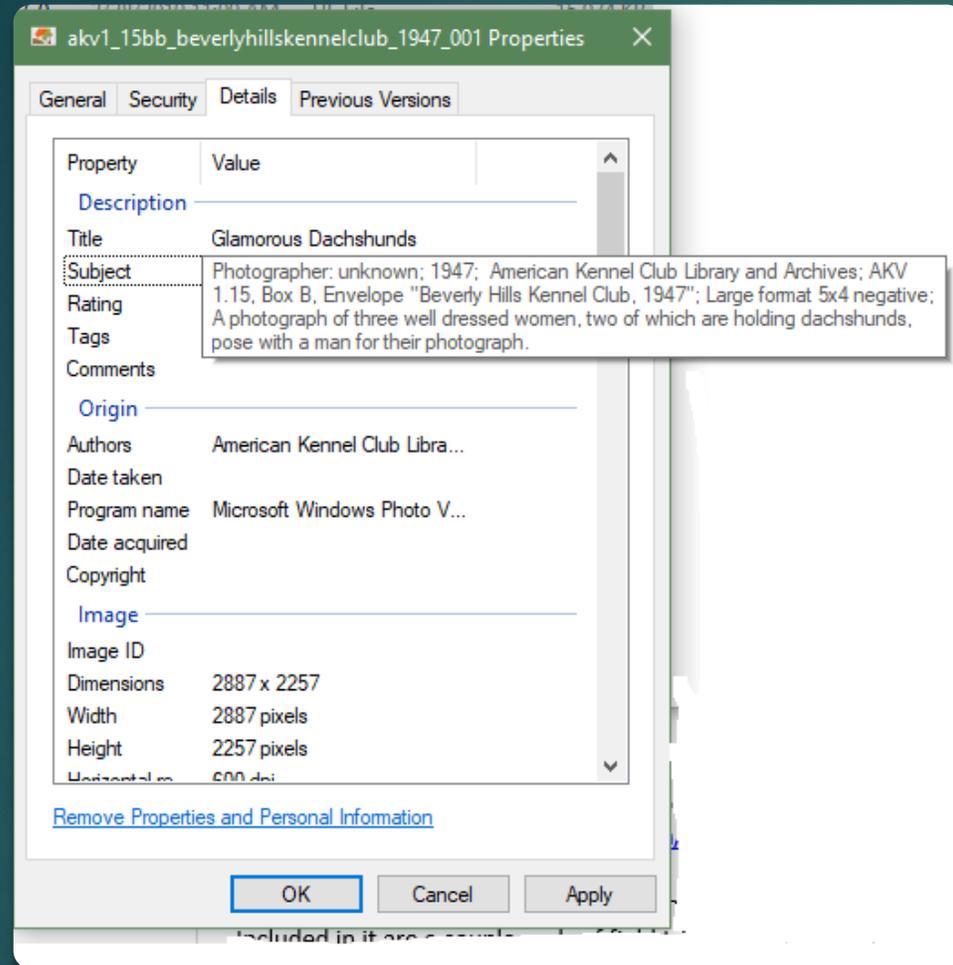

Author

- Who created the image

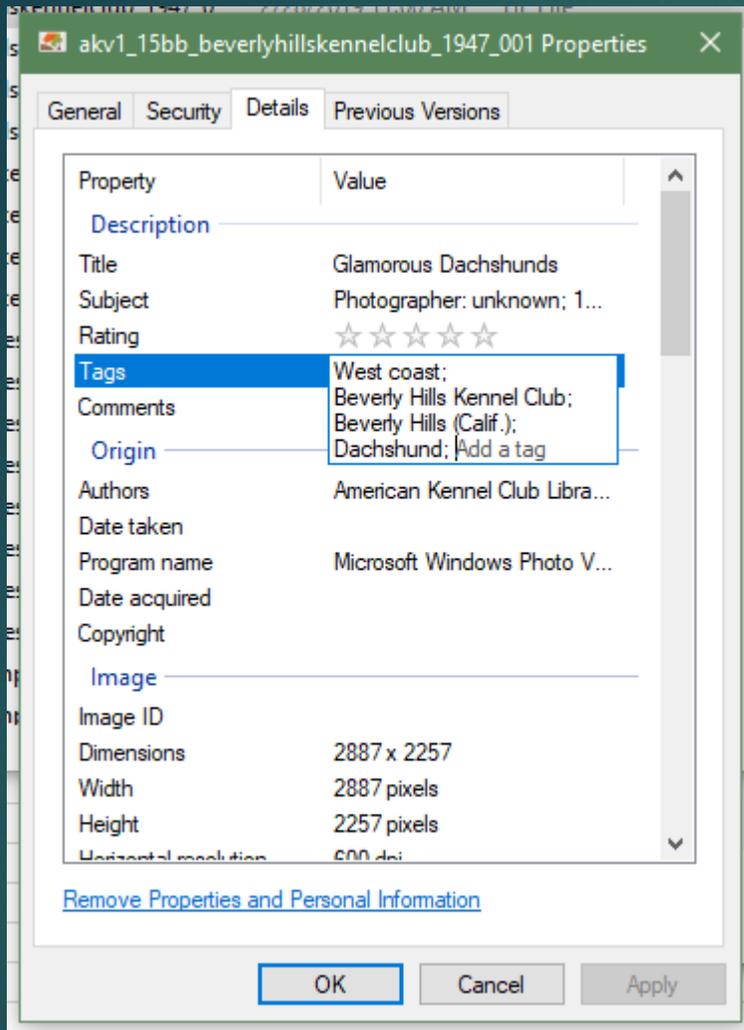

Embedding Metadata Made Easy

1. RIGHT CLICK ON AN IMAGE AND SELECT "PROPERTIES" FROM THE MENU.

Embedding Metadata Made Easy

2. GO TO THE "DETAILS" TAB AND FILL IN THE INFORMATION FOR THE SELECTED IMAGE FILE.

3. HIT "OKAY" TO SAVE CHANGES, AND THAT INFORMATION WILL BE ATTACHED TO THE IMAGE PERMANENTLY
