

FAST 1.0

DESIGN

Transitioning from Standard to FAST

CRCD tools for building the Send

Adjusting the body – spacing and safety, strategic variety (multiple choices), start line/jump, finish obstacle

Judging path

Assigning point values

Find at least 2 paths for SCT-speed dogs, must be level-appropriate – adjust if necessary

JUDGING

Engaged vs Committed

Obstacles are completed when 4 paws are on the ground

“Bonus” or “Fault” must be called
