**Waitlist:** An entry waitlist will be offered. The list will allow a maximum of up to 100 entries in the event original entries are scratched. If an entered dog is scratched after closing but before the event, the next entry on the waitlist will be taken. On the first day of the trial, the club may assign entries for absent individuals to those on the wait list who are present at the trial. If multiple waitlisted individuals are present at the trial, the runs must be assigned in wait-list order. A full refund is to be reimbursed to any entrant whose entry is replaced by a wait-listed entry. Any wait listed entry that does not move off the wait list into the trial will receive a full refund if they were charged. Once the maximum entry is reached, the wait list will be maintained but payment will not be processed for wait listed entries. ## COMPETITION FORMAT & SCORING

This competition is a three-day format. The first two days are the Preliminary. The third day is considered the Final. It is expected that the competition will conclude in the afternoon of Day 3 followed by awards.

**Day 1 (Preliminary):** All dogs will be tested on all four elements – Container, Buried, Interior and Exterior at the Master level. Search time will be 2 minutes for each of the elements. *(please refer to the table on page 7 for search criteria)*. Dogs will be split into 2 groups referred to as Group A and Group B. Each group will be allowed to achieve the same maximum number of points.

**Day 2 (Preliminary):** All dogs will be tested on all four elements – Container, Buried, Interior and Exterior at the Master level. Search time will be 2 minutes for each of the elements. *(please refer to the table on page 7 for search criteria)*. Dogs will run according to their assigned Group from the previous day. Each group will be allowed to achieve the same maximum number of points.

After the first two days, a max of 100 dogs will advance to Day 3 depending on the number of dogs entered. Of the dogs that advance, half will go to Group A and half will go to Group B. Top dogs are determined by highest combined daily scores over both days of the preliminary. Daily score is the sum of all element scores in the same day. Each day there will be one final daily score per dog.

Each Group will have the same maximum achievable daily score. Dogs that achieve the maximum points per element in the preliminary per day will have a qualifying leg applied towards their next title with the exception of Interior. To earn a qualifying leg in Interior, a dog must achieve maximum points across both days of the preliminary.

The list of dogs advancing will be published online on the [AKC Scent Work Master National](#) webpage as soon as they are confirmed following the conclusion of Day 2. All results will also be posted daily at the Secretary's Table for viewing. Exhibitors enrolled in AKC's text messaging service *(see section in this premium called "STAY UPDATED" on how to enroll to receive text notifications)* will be sent a notification once the list of dogs advancing is finalized and published to the [AKC Scent Work Master National](#) webpage as well as each day's results.

**Day 3 (Final):** Top dogs have advanced and will be tested on a mixture of combined elements. All dogs will be tested in two separate mixed element searches and each mixed search will have 1 judge. Each dog will have a total of 2 scores earned from each mixed search under each judge. Search time will be 2.5 minutes per search. *(please refer to the table on pages 8 for search criteria)*. The top 25 dogs with the highest daily scores (combined total score from each mixed search) will be recognized with an award.

Performance for this event will be point based. Top dogs advancing to the Final will be determined by highest combined daily score over both days of the preliminary. Scores will work according to the following point schedule:

**Point Gain**

Each correct alert call = 10 pts

**Point Deduction**

Each incorrect alert call = - 5 pts

Each fault = - 2 pts

Incorrect finish call = *(search immediately concludes)*

Lack of finish call = - 5 pts

There will be no bonus points for a correct finish call.

After each Alert call, the judge will say "yes" or "no" and the dog may continue to search. If the handler calls "Finish" before all hides in that search area have been located, the search will conclude. The dog with the highest score will win the Scent Work Master National. If there is a tie based on points, total time will be used as a tiebreaker. If there is still a tie, the dog with the fewest incorrect calls will win.
