

AKC Agility League

MOST IMPROVED TEAM AND INDIVIDUAL DOGS

PUBLISHED AS OF: 8/15/2026 12pm

Most Improved Rankings are determined using the difference/improvement between Round 1 Score & Round 4 Scores.

Teams: Team Scores for Round 1 & Round 4 are used to calculate the difference/improvement for each team. The team with the highest difference from Round 1 to Round 4 for each Division/Skill will be awarded Most Improved.

Individual Dogs: Individual Dog Scores for Round 1 & Round 4 are used to calculate the difference/improvement for each dog. The highest difference for each Divisions/Skill/Class are ranked as the Most Improved for Individual Dogs.

Dogs running in multiple Divisions/Skill/Class Levels will be ranked in each. Dogs running on multiple teams within the same Division/Skill/Class will be ranked once using their best score. Extended PH D and Veterans are not included due to smaller entries for Individual Dogs. Teams placing in their Division/Skill are not eligible for Most Improved Team.
